Don't let your customers get

CAUGHT OUT...

...Keep on moving!

K.O.M spare wheel kits are essential for ALL motorists.

K.O.M WHEEL

IT'S A SCARY THOUGHT and most people's nightmare to get stranded in the middle of nowhere...

...don't let it happen to you!

Many people buy a new car for peace of mind and trouble free motoring, however a simple puncture can leave them stranded.

Not many customers may realise that their new car will not come with a spare wheel as standard. In its place, manufacturers have supplied a mini compressor and tyre sealant. The two main reasons for doing this are as follows:

1, It saves them money

2, With less weight in the car, it enables them to produce less emissions.

Replacing the spare wheel with the compressor and sealant, puts your customers at risk of being stranded. With the sealant being a liquid, any hole bigger than a couple of millimetres will not be repaired and will only pass through the puncture resulting in a flat tyre again.

The most frustrating part with the glue-based product is once the product has been used in the effected tyre it then may become irreparable.

So, with the manufacturer saving money on a product we believe to be an essential safety feature it will in fact cost your customers more money from the results of breakdowns and call-outs.

What do the GREEN FLAG say about foam repair kits?

“For every one in five flat tyres they don't work. For example, if you cause significant damage to the sidewall of the tyre a repair kit won't do the job. And if your tyre suffers a blow out – they certainly won't help.”

Source: <http://blog.greenflag.com/2016/spare-wheel-versus-repair-kit>

We have seen a massive increase in calls over the last year asking for a space saver kit solution, leading us to source and supply our own, the K.O.M wheel space saver kit.

Help protect your customers. Keep on moving with a space saver wheel kit.

K.O.M WHEEL

Spacesaver wheel kit includes:

- Aluminium space saver wheel.
- Correct size tyre.
- TUV approved Jack.
- Correct wheel brace
- Storage bag

K.O.M wheel is a quality kit, backed with great customer service and years of experience.
